Customer Examples

The Siemens Financial Services Division (SFS) provides business-to-business financial solutions. Aligning ourselves with the growth fields of electrification, automation and digitalization, we support customer investments with leasing solutions and equipment, project and structured financing.

We serve as an expert adviser for financial risks within Siemens. Our financial and industry know-how creates customer value and enhances customer competitiveness while building trust in new technologies and facilitating their market launch.

Industry Finance

MAKA, payment plan for PLM Software Germany

In order to digitize finalization, commissioning and delivery of machines, Siemens Financial Services is supporting MAKa with budget-compliant 0% financing of its PLM Software.

Infrastructure Finance

Mercedes-Benz Superdome, Performance Contracting USA

Siemens Financial Services provided a US\$7 million municipal lease that is projected to save US\$6.5 million in energy and operating costs over ten years.

Energy Finance

Sirajganj, loans for power plant Bangladesh

Siemens Financial Services made a sum of up to US\$80 million in loans available through credit financing and assumed the role of consortium leader for the transaction, which was seen as instrumental to the success of the project.

Healthcare Finance

Reid Health Hospital, financing through tax-exempt bonds USA

Siemens Financial Services collaborated on a portion of Reid Health's US\$72 million bond with a tax-exempt refinancing solution including attractive interest rates.
